TransCare+ is seeking a 2SLGBTQIAA+ Community Educator to support our new project, Queer and Gender Diverse Access to Knowledge Enhancement and Care Navigation in Rural ON. The 2SLGBTQIAA+ Community Educator will be responsible for assisting in the development of community-based educational workshops on various health and wellness topics, delivering educational workshops to 2SLGBTQIAA+ communities, and engaging rurally-located 2SLGBTQIAA+ folks in knowledge translation and educational programming. The 2SLGBTQIAA+ Community Educator will work closely with a Steering Committee, Two-Spirit Education Coordinator, Two-Spirit Health Outreach Worker, and Education Coordinator to carry out project activities.

This project will develop community-led initiatives to equip rurally-located queer and gender diverse (RLQGD) people with knowledge, tools, and supports that seek to advance their health, wellbeing, and care. TransCare+ will achieve this through ongoing community consultation, conducting a community needs assessment and environmental scan, the development of an interactive e-learning platform and resource directory, and the curation of a virtual knowledge-sharing summit led by 2SLGBTQIAA+ community-leaders and wellness experts. Additionally, the project will create community-informed and accessible knowledge enhancement opportunities by delivering care navigation workshops, visual resource tools, and printed education booklets to rurally-located service providers to distribute. Finally, TransCare+ will hire and collaborate with Two Spirit, Indigiqueer, and Indigenous trans and gender diverse folks and communities to develop culturally-focused resources and a specific section of the e-learning platform dedicated to Two Spirit, Indigiqueer, and Indigenous trans and gender diverse health and wellbeing. By the project's conclusion, TransCare+ aims to establish a centralized and publicly accessible resource directory and educational platform to support RLQGD individuals' increased and sustained access to knowledge enhancement, care, and community.

Key Responsibilities

- Support a broad range of project activities related to 2SLGBTQIAA+ health, care;
- Assist in the completion of an environmental and resource scan to identify the existing services and resources available to rurally-located 2SLGBTQIAA+ folks;
- Consult and collaborate with local Indigenous communities to ensure the development of community-centered resources and supports;
- Provide knowledge translation and awareness to 2SLGBTQIAA+ folks and communities about their health, care, and wellbeing;
- Work towards creating a 2SLGBTQIAA+ specific resource guides and workshops based on a community needs assessment and consultation with 2SLGBTQIAA+ communities;
- Liaise with rurally-located care providers and care-related services to assess resources available and where further support is needed; advocate for individual and community needs; advocate for improved health resources and policies that promote health;
- Deliver co-curated virtual 2SLGBTQIAA+ specific workshops;
- Track and report workshop and program statistics including number of trainings, consultations, and workshop participants;
- Collaborate with the Steering Committee, Two-Spirit Education Coordinator, Two Spirit Health Outreach Worker, Education Coordinator, and Project Coordinator to create and implement evaluation tools that will assess the degree to which deliverables meet the needs of rurally located 2SLGBTQIAA+ folks;
- Assist in tailoring deliverables depending on evaluation outcomes;
- Report to the volunteer Steering Committee and attend biweekly meetings;
- Represent and ensure visibility of TransCare+ in public forums and events across the country including events organized by other 2SLGBTQIAA+ organizations.

Education

At TransCare+, we recognize the value of a variety of educational experiences, including but not limited to academic, career-based, and personal learnings. No one's application will be ignored due to having not met a formal educational threshold. However, a post-secondary education, work-related education, or lived-experience in one of the following areas would be an asset: Health Promotion, Public Health, Social Sciences, Health Education, or Health Sciences.

Skills and Qualifications

- Proficient in Google Suite and Microsoft Office
- Access to reliable internet and the ability to operate virtual meeting platforms
- Experience using Monday.com is considered an asset
- Strong time management and organizational skills;
- Strong communication skills (written, verbal).
- Ability to work independently;
- Ability to work collaboratively with professional and community groups;

- Experience in community organizing and outreach is an asset;
- Experience in planning and facilitating educational workshops and groups is an asset;
- Understand the current needs related to 2SLGBTQIAA+ health, care, and wellbeing;
- Knowledge of the unique issues faced by rurally-located 2SLGBTQIAA+ folks;
- Work from an anti-colonial, anti-oppressive, and trauma-informed lens;
- Experience working directly with 2SLGBTQIAA+ communities;
- A basic understanding of terminology, the healthcare system, and ecological wellness;
- Fluent in English: fluency in an Indigenous language(s), French, or another language is an asset;
- Experience and comfortability in public speaking about and/or advocating for 2SLGBTQIAA+ health in diverse contexts;
- Experience working with community or non-profit organizations, and/or public health agencies is an asset;

It is strongly preferred to hire a candidate who identifies as 2SLGBTQIAA+. Individuals who identify as trans/femme, BIPOC (i.e., Black, Indigenous, Person of Colour), and/or disabled will further be prioritized. We recognize that many of these identities intersect and that therefore, equity, diversity and inclusion can be complex. We value the contributions that each person brings, and are committed to ensuring full and equal participation for all in our community.
